

Estate Planning for ALL Stages of Life.

Whether you are a young adult leaving for college or an individual who is stepping into your golden years and scheduling outings with your grandchildren, we've got you covered!

When you choose Atlanta Adoption & Family Law, you choose to take control of your legacy. Let us help you navigate those tough decisions, and discuss your options, based on your stage of life. Our goal is to always treat you like family and become more than just a transactional law firm. As you grow into each stage, you may realize that you require more stability or want to make changes to your estate documents already in place. We're here for that!

We want to be part of every stage of life and assist you in building and maintaining your family, while still allowing you to set the stage!
